

First Registration

BREADSLICER PRO

First registration process

1. Go to <https://www.audioblast.me/download/>
2. You will now choose to download either the Windows or MAC version of your product.
3. Once you've downloaded the installer, install the plugin.
4. The first time you launch the plugin please unlock it with the password combination given to you by Audioblast!

The first time you launch the BreadSlicer PRO in your DAW the settings view appears.

Enter your user name (ex : user@audioblast.me) and the serial you received by e-mail then press Enter and exit the setting view by clicking on the red cross on the top right of the interface.

Note: Logic and Garage Band users must press “Return” or “Enter” key on the keyboard after pasting on each textfield.

Until the VST is unlocked you will have no sound!

Your Username will look like: user@audioblast.me (sample)

And Your Password: PCILLBJFANZMZJZLZHZZJZZZ (sample)

If you are having any issues at all installing and activating your software please contact contact@audioblast.me
